

Dr John WorldPeace JD response to Donald Trump's acceptance speech at the Republican Convention on July 21, 2016

Friends, delegates and fellow Americans: I humbly and gratefully accept your nomination for the presidency of the United States.

Who would have believed that when we started this journey on June 16th of last year we - and I say "we" because we are a team - would have received almost 14 million votes, the most in the history of the Republican Party, and that the Republican Party would get 60 percent more votes than it received four years ago.

The Democrats, on the other hand, received almost 20 percent fewer votes than they got eight years ago.

>So what? That's ancient history.

Together, we will lead our party back to the [White House](#), and we will lead our country back to safety, prosperity, and peace.

- Empty words

We will be a country of generosity and warmth. But we will also be a country of law and order.

- More empty words

Our Convention occurs at a moment of crisis for our nation.

- The current state of the world is an ongoing crisis on many fronts.

The attacks on our police,

- By lone gunmen. Criminals, not terrorist members of any group.

and the terrorism in our cities,

- What are you talking about? Crime yes, terrorism no. 911 was terrorism.

threaten our very way of life.

- There is no threat. Just a different kind of crime. There are over 2 million inmates in American jails. Home grown terrorists of a different stripe.

Any politician who does not grasp this danger is not fit to lead our country.

- Any politician or would be politician who is a fear monger as opposed to a provider of real solutions is a rabble rouser.

Americans watching this address tonight have seen the recent images of violence in our streets and the chaos in our communities.

- Blown out of proportion by the News and inflated by Donald Trump beyond a serious reality check.

Many have witnessed this violence personally; some have even been its victims.

- Crime and criminals. The number of criminals who are inmates in our jails are about 250,000 to one so called terrorist who actually committed an act of terrorism.

I have a message for all of you: the crime and violence that today afflicts our nation will soon come to an end.

- And Donald Trump is going to be the first human being on the planet to end crime? How ridiculous a claim.

Beginning on January 20th, 2017, safety will be restored.

- Empty statement. Safety for who. Whose safety is Donald Trump going to insure and guarantee?

The most basic duty of government is to defend the lives of its own citizens. Any government that fails to do so is a government unworthy to lead.

- I think you meant party to lead. Every administration since the founding of the United States has made this a reality and that is why there are more than 2 million criminal in US jails.

It is finally time for a straightforward assessment of the state of our nation. I will present the facts plainly and honestly.

- We have been waiting for many months. We have searched hard for honesty from Donald Trump. Why are we held in suspense?

We cannot afford to be so politically correct anymore.

- Meaning that the Constitution is in danger per the words on the campaign trail of Donald Trump. Donald Trump has never committed to Peace or WorldPeace. Not in one single speech that I know of. Donald Trump is unAmerican in his attack on Muslims, the handicapped, Hispanics to name a few and the US Constitution.

So if you want to hear the corporate spin, the carefully-crafted lies, and the media myths—the Democrats are holding their convention next week.

- Demonizing the Democrats. More or less half of political party members are Democrats and Donald says they are liars one and all. Another demonizing of another large segment of the American population. We need to hear about Donald's plan, not generalized Democrat demonizing.

But here, at our convention, there will be no lies.

- The best way to identify a liar is when he or she says he is not a liar.

We will honor the American people with the truth, and nothing else.

These are the facts:

- Not the truth and not the facts.

Decades of progress made in bringing down crime are now being reversed by this Administration's rollback of criminal enforcement. Homicides last year increased by 17 percent in America's fifty largest cities. That's the largest increase in 25 years. In our nation's capital, killings have risen by 50 percent. They are up nearly 60 percent in nearby Baltimore. In the President's hometown of Chicago, more than 2,000 people have been the victims of shootings this year alone. And almost 4,000 have been killed in the Chicago area since he took office.

- Why is there not a comparison to the Administration of George W. Bush. What are those statistics? I need to see alleged facts like these in context and when they are not, they are suspect in my logical mind.

The number of police officers killed in the line of duty has risen by almost 50 percent compared to this point last year.

- Yes by three criminally insane men have the stats risen. Take out those killings and what do we have statistically.

Nearly 180,000 illegal immigrants with criminal records, ordered deported from our country, are tonight roaming free to threaten peaceful citizens.

- So Donald is saying the police are not doing their job and immigration is not doing its job even though there are over 2 million inmates in American jails.

The number of new illegal immigrant families who have crossed the border so far this year already exceeds the entire total from 2015. They are being released by the tens of thousands into our communities with no regard for the impact on public safety or resources.

- The cause of this problem is the fact that Americans employ illegal aliens. If that were not so, the illegal alien problem would virtually disappear. Same as the drug problem. The problem is the Americans who buy and use illegal drugs. Stop the drug use, or legalize it and the drug violence goes away.

One such border-crosser was released and made his way to Nebraska. There, he ended the life of an innocent young girl named Sarah Root. She was 21 years old, and was killed the day after graduating from college with a 4.0 Grade Point Average. Her killer was then released a second time, and he is now a fugitive from the law.

- Did you say ONE Donald?

I've met Sarah's beautiful family. But to this administration, their amazing daughter was just one more American life that wasn't worth protecting. One more child to sacrifice on the altar of open borders.

> This sounds like Donald is going to guarantee an end of criminals and mentally ill criminals in America. He is going to travel to each home of each victim of a crime and say something to them to make things better, AFTER THE FACT.

What about our economy?

Again, I will tell you the plain facts that have been edited out of your nightly news and your morning newspaper:

Nearly four in 10 African-American children are living in poverty, while 58% of African-American youth are not employed. 2 million more Latinos are in poverty today than when President Obama took his oath of office less than eight years ago. Another 14 million people have left the workforce entirely.

- And where do the White stats stand in this?

Household incomes are down more than 4 thousand dollars since the year 2000 - 16 years ago.

- And this compares how to the administration of George W. Bush?

Our trade deficit in goods reached nearly 800 billion dollars last year alone.

- And this compares how to the administration of George W. Bush another Pied Piper.

The budget is no better. President Obama has almost doubled our national debt to more than trillion dollars, and growing.

- And how does this compare to the \$2+ Trillion wars of George W. Bush in Iraq and Afghanistan?

Yet, what do we have to show for it? Our roads and bridges are falling apart,

- Always. Nature is the cause.

our airports are in Third World condition,

- I thought there were going to be no lies?

and 43 million Americans are on food stamps.

> Compared to the administration of George W. Bush, where are those stats.

Now let us consider the state of affairs abroad.

Not only have our citizens endured domestic disaster,

> Domestic disaster. Seems to me things are pretty much business as usual.

but they have lived through one international humiliation after another.

> Do tell what those humiliations are?

We all remember the images of our sailors being forced to their knees by their Iranian captors at gunpoint.

- Was this on Obama's watch? Have you been to the VA and checked on the lives wasted by the George W. Bush wars?

This was just prior to the signing of the Iran deal, which gave back to Iran 150 billion dollars and gave us nothing - it will go down in history as one of the worst deals ever negotiated.

- I have not heard that it was the worst deal in American history. What I do know is that Obama has started no new wars. He has only cleaned up the George W. Bush / Dick Cheney wars.

Another humiliation came when President Obama drew a red line in Syria - and the whole world knew it meant nothing.

- Actually the whole world agreed to do nothing in Syria except Russia. And we are not at war with Russia are we Donald?

In Libya, our consulate - the symbol of American prestige around the globe - was brought down in flames.

- Yes. Collateral damage of George W. Bush destabilizing the Middle East on the lies of weapons of mass destruction and a Saddam Al Qaeda link.

America is far less safe

- No it is not. Crime rates overall are about the same and the police are adjusting to the increases. Tell us which police departments are not doing their jobs Donald.

- and the world is far less stable

> Since George W. Bush destabilized the Middle East.

- than when Obama made the decision to put [Hillary Clinton](#) in charge of America's foreign policy. I am certain it is a decision he truly regrets.

> Obama was in charge as President. The buck stops at the White House. You are responsible for the bad acts of your bad employees. The President is responsible for his. Right Donald?

Her bad instincts and her bad judgment - something pointed out by Bernie Sanders - are what caused so many of the disasters unfolding today.

- OK other than the emails which she had been cleared of, what are you talking about Donald?

Let's review the record. In 2009, pre-Hillary, ISIS was not even on the map.

- ISIS is collateral damage of George W. Bush destabilizing the Middle East.

Libya was stable. Egypt was peaceful. Iraq was seeing a reduction in violence. Iran was being choked by sanctions. Syria was under control.

- Have you heard of Arab Spring Donald? The collateral damage of the George W. Bush wars in Iraq and Afghanistan?

After four years of Hillary Clinton, what do we have?

- What we do not have is any new wars in the last 8 years Donald. Trillion dollar wars Donald.

ISIS has spread across the region, and the world.

- Yes due to a lack of resolve in the free world. Due to George W. Bush blindsiding so many nations in his Coalition of the willing. But no lack of resolve from Russia. What are you going to do about Russia in Syria and the Crimea.

Libya is in ruins, and our Ambassador and his staff were left helpless to die at the hands of savage killers.

- The order was sent to intervene and it was not followed up on. I think that is what we have come to find out generally speaking.

Egypt was turned over to the radical Muslim brotherhood, forcing the military to retake control.

- And Hillary did this? And that brotherhood was crushed internally if I remember right?

Iraq is in chaos.

- Iraq has been in potential chaos due to Sunnis and Shites for a millennium. Saddam had it all under control until George W. Bush dethroned him over lies about weapons of mass destruction and a Saddam Al Qaeda link.

Iran is on the path to nuclear weapons.

- Yes it is. Always has been. Israel has an undeclared nuclear arsenal. Why would Iran not want one too? Make Israel declare its nuclear arsenal and then get rid of it and you won't have any other Middle East country wanting one.

Syria is engulfed in a civil war and a refugee crisis that now threatens the West.

- Nothing new here. Just a lack of resolve of the world to deal with Assad. And Obama refusing to go it alone and enter the USA in an impossible, worse than Iraq and Afghanistan cloned war.

After fifteen years of wars in the Middle East, after trillions of dollars spent and thousands of lives lost, the situation is worse than it has ever been before.

- Yelp. George W. Bush. He started it with lies and manipulation and burned almost all our allies. He used up all the American credit. There will be no more American led coalitions into the Middle East.

This is the legacy of Hillary Clinton: death, destruction, terrorism and weakness.

- Absolutely this is the legacy of George W. Bush, who was a Republican by the way. Tell us how you are different from George W. Bush.

But Hillary Clinton's legacy does not have to be America's legacy.

- Did Hillary do any good on her watch Donald? Where were you when Hillary was boots on the ground handling many world issues that never made the headlines. Where were you? What is on your resume' for that period. I never read a single statement from you about how bad she was before the campaign. She was there. You were off making money. You have no experience. The opinions of those on the sidelines has no value, no traction, ever.

The problems we face now - poverty and violence at home, war and destruction abroad - will last only as long as we continue relying on the same politicians who created them.

- Yelp and that would be the Republicans like George W. Bush.

A change in leadership is required to produce a change in outcomes.

- Yelp. Obama is leaving without starting new wars because his 8 years is up. Not because he was impeached like Richard Nixon the Republican.

Tonight, I will share with you my plan of action for America.

The most important difference between our plan and that of our opponents, is that our plan will put America First.

> Really. We are going to turn back the clock 100 years with you at the helm. You are not a politician Donald. You are a reality star with no significant involvement in politics. You have nothing political on your resume. Not a single bit of political activism except buying off politicians to increase your financial empire.

Americanism, not globalism, will be our credo.

- Isolationism is what you are proposing. A withdrawal from world affairs. Exiting the UN. An American Brexit. Is that the plan. Step back and give China the helm? Is that your plan Donald?

As long as we are led by politicians who will not put America First, then we can be assured that other nations will not treat America with respect.

- How exactly has Obama sold out America.

This will all change when I take office.

- Let me remind all Americans that the last true businessman President was Calvin Coolidge. The guy who was on watch when the Depression of 1929 hit. That scares me more than anything else. Electing another businessman President.

➤

The American People will come first once again.

- America is being eclipsed by China. You know, the place where American jobs have gone. We are financing their rise to power. So they have the jobs, now let's abdicate our global responsibilities as well.

My plan will begin with safety at home - which means safe neighborhoods, secure borders, and protection from terrorism. There can be no prosperity without law and order.

- Ok so the cops are not doing their jobs. Immigration is not doing its job. And you are going to build a feudal wall to keep out the Hispanics who you demean like that judge in your University lawsuit.

On the economy, I will outline reforms to add millions of new jobs and trillions in new wealth that can be used to rebuild America.

- Why has no plan been presented from your first day on the campaign trail? You have no plan Donald. But you have is a history of bankruptcies and taking advantage by way of bankruptcies to increase your wealth.

A number of these reforms that I will outline tonight will be opposed by some of our nation's most powerful special interests.

- Well my memory is that the Republicans have been against everything over the last 4 years. They have shut down the government. They have refused to negotiate. They have refused to replace a Supreme Court justice. They have refused to acknowledge global warming.

➤

That is because these interests have rigged our political and economic system for their exclusive benefit.

- The Republicans are in charge of the Senate. You are pointing a finger at them?

Big business, elite media and major donors are lining up behind the campaign of my opponent because they know she will keep our rigged system in place.

- Well Donald speak to the issue that if you try to self finance your campaign from here on out, you will be truly bankrupt. You will be selling pencils in front of Trump Tower.

They are throwing money at her because they have total control over everything she does.

- They are throwing money at her because that is now the American way of campaign finance. A program the Republicans supported with great enthusiasm.

She is their puppet, and they pull the strings.

- Any politician who takes money from anyone becomes a puppet. That is the American way.

That is why Hillary Clinton's message is that things will never change.

- What specifics are you talking about here Donald?

My message is that things have to change - and they have to change right now.

- Really and politically you have no experience. In politics money is not the only issue. Your life is about money. Your template of life is about money. Your template has not been the US Constitution. You have no experience except that of a one trick money pony.

Every day I wake up determined to deliver a better life for the people all across this nation that have been ignored, neglected and abandoned.

- Donald your ego and your control of billions of dollars makes you so far out of touch with the average American that it astounds me that any of them support you. You are a made for TV cartoon otherwise known as reality TV. When there is nothing real about TV.

I have visited the laid-off factory workers, and the communities crushed by our horrible and unfair trade deals.

- OK so tell me what you have don't with your billions to make a difference over your lifetime.

These are the forgotten men and women of our country. People who work hard but no longer have a voice.

I AM YOUR VOICE.

- No you are the voice of billionaires. That is the reality.

I have embraced crying mothers who have lost their children because our politicians put their personal agendas before the national good.

- What exactly are you talking about here?

I have no patience for injustice, no tolerance for government incompetence, no sympathy for leaders who fail their citizens.

- Really. You mean no tolerance for politicians who have not bent to your monetary goals over the years. That was the only use you have had for politics until you decided to try to become President.

When innocent people suffer, because our political system lacks the will, or the courage, or the basic decency to enforce our laws

- Bashing the police again, Donald?

- or worse still, has sold out to some corporate lobbyist for cash - I am not able to look the other way.

> Now we are in your reality Donald. Paying lobbyist to make money. That is your meat right Donald. Always has been. Right Donald?

And when a Secretary of State illegally stores her emails on a private server, deletes 33,000 of them so the authorities can't see her crime, puts our country at risk, lies about it in every different form and faces no consequence - I know that corruption has reached a level like never before.

- I think your beef is with the FBI. They are the corrupt ones who found her innocent or not worth prosecuting. Right Donald. The FBI is corrupt. And the police are not doing their jobs.

When the FBI Director says that the Secretary of State was "extremely careless" and "negligent," in handling our classified secrets, I also know that these terms are minor compared to what she actually did.

- Well tell us what she actually did Donald. You having been there at the time.

They were just used to save her from facing justice for her terrible crimes.

- Again. The FBI is corrupt. We can't trust them Right Donald?

In fact, her single greatest accomplishment may be committing such an egregious crime and getting away with it - especially when others, who have done far less, have paid so dearly.

- Where were you when all this was going on? How were you engaged? The fact is that you could have cared less. As I said, you have no history as a political activist much less a politician.

When that same Secretary of State rakes in millions of dollars trading access and favors to special interests and foreign powers I know the time for action has come.

- Did she read your book, *The Art of the Deal* Donald? Did she. Is that your message.

➤

I have joined the political arena so that the powerful can no longer beat up on people who cannot defend themselves.

- You are the powerful Donald. That is your place in America. Who did you beat up and screw over in the art of the deal?

Nobody knows the system better than me,

- And now some real truth for the first time from Donald. An admission.

which is why I alone can fix it.

- Fix it to whose benefit Donald.

I have seen firsthand how the system is rigged against our citizens,

- And you being the smartest financial guy on the planet knew how to turn your knowledge into MONEY.

just like it was rigged against Bernie Sanders - he never had a chance. But his supporters will join our movement, because we will fix his biggest issue: trade deals that strip our country of its jobs and wealth.

- So why is Bernie not your running mate? Two cutting edge reformers to hear you tell it.

Millions of Democrats will join our movement, because we are going to fix the system so it works fairly, and justly, for each and every American.

- For a man who has a life history of the art of the deal manipulating the system, why would you want to fix it. And maybe the better question is why have you not been active in fixing the system before now as opposed to using it to make MONEY.

In this cause, I am proud to have at my side the next Vice President of the United States: Governor Mike Pence of Indiana.

- Never heard of him until you chose him.

We will bring the same economic success to America that Mike brought to Indiana.

- Tell us about these successes.

He is a man of character and accomplishment. He is the right man for the job.

- The right lackey for you.

The first task for our new Administration will be to liberate our citizens from the crime and terrorism and lawlessness that threatens their communities.

- More police bashing. How are you going to reform all the police departments in the USA Donald to reduce crime?

America was shocked to its core when our police officers in Dallas were so brutally executed.

- Well you seem to be saying if they had been doing their job, the death would not have happened. So you seem to have an underlying message that you expected the murders based on the lack of the police to reduce crime and eventually the police would become victims. Right Donald.

Immediately after Dallas, we have seen continued threats and violence against our law enforcement officials.

- By insane criminals Not terrorist. Who the cops should have caught before they did their evil. Right Donald.

Law officers have been shot or killed in recent days in Georgia, Missouri, Wisconsin, Kansas, Michigan and Tennessee.

- Nothing new here Donald don't you know? It is a dangerous thankless job.

On Sunday, more police were gunned down in Baton Rouge, Louisiana.

Three were killed, and three were badly injured.

An attack on law enforcement is an attack on all Americans.

- I heard the police killed the perpetrator. Seems like the police did their job and administered justice.

I have a message to every last person threatening the peace on our streets and the safety of our police: when I take the oath of office next year, I will restore law and order to our country.

- Look at the stats Donald. Other than cops being victims, this is America. Always has been. A violent society. But again, where was your activism on this issue Donald before you decided to cash in your reality TV chips on a run at the Presidency.

➤

I will work with, and appoint, the best and brightest prosecutors and law enforcement officials to get the job done.

- So all the existing cops and prosecutors are incompetent, corrupt, useless public servants. Interesting.

In this race for the White House, I am the Law And Order candidate.

- Sorry I am laughing. You have no history in this area. No activism in this area. You are funny Donald but a scary funny if we look back and see Reality TV is your benefactor.

The irresponsible rhetoric of our President, who has used the pulpit of the presidency to divide us by race and color, has made America a more dangerous environment for everyone.

- This is definitely a TV cop drama verbiage.

This Administration has failed America's inner cities. It's failed them on education. It's failed them on jobs. It's failed them on crime. It's failed them in every way and on every level.

- Except we are better off that under the Administration of George W. Bush who came close to crashing the world economy.

When I am President, I will work to ensure that all of our kids are treated equally, and protected equally.

- As long as they are perfect and beautiful and rich like your kids. Right Donald. And worthy productive member of society who have interests other than making money like your family tradition. Where is there political activism and charities?

Every action I take, I will ask myself: does this make life better for young Americans in Baltimore, Chicago, Detroit, Ferguson who have the same right to live out their dreams as any other child in America?

- We appreciate that. But will your policies make a difference for these young Americans. I doubt it. And where have you been in the past. Where is your activism. Hillary has a lifetime of being in politics As you have a lifetime of making as much money as you can in the art of the deal.

To make life safe for all our citizens, we must also address the growing threats we face from outside the country: we are going to defeat the barbarians of ISIS.

- Actually this is not possible without declaring a holy war on Islam. America is a secular government and ISIS is a radical religious society. No war is more complicated and fraught with negative consequences as is a holy war of what would be perceived as a Christian Nation fighting a Muslim Nation. Donald Trump knows less about world religions than he does about politics.

Once again, France is the victim of brutal Islamic terrorism. Men, women and children viciously mowed down. Lives ruined. Families ripped apart. A nation in mourning. The damage and devastation that can be inflicted by Islamic radicals has been proven over and over - at the World Trade Center, at an office party in San Bernardino, at the [Boston Marathon](#), at a military recruiting center in Chattanooga, and many more.

- That is true. And to attack ISIS in a half baked campaign will increase these atrocities a 100 fold. Donald Trump is the last person I would choose to deal with ISIS. He represents everything Muslims hate. Most basically his beauty contests.

Only weeks ago, in Orlando, Florida, 49 wonderful Americans were savagely murdered by an Islamic terrorist. This time, the terrorist targeted our LGBTQ community.

- Again this was one insane criminal not a concerted ISIS attack. One man. One sick man. Society is full of them. Fortunately, an extremely tiny percentage of the world human population.

As your President, I will do everything in my power to protect our LGBTQ citizens from the violence and oppression of a hateful foreign ideology.

- I think this was an American who did this. A Timothy McVeigh wannabe.

To protect us from terrorism, we need to focus on three things.

We must have the best intelligence-gathering operation in the world.

- We already have that.

We must abandon the failed policy of nation-building and regime change that Hillary Clinton pushed in Iraq, Libya, Egypt and Syria.

- No this is the program that George W. Bush initiated when he invaded Iraq and Afghanistan on lies of weapons of mass destruction and an Al Qaeda Saddam link and destabilized the Middle East. Whatever Hillary has done has been to react to and clean up that Pandora's box. Put the blame where it belongs, on George W. Bush, on the Republicans guilty by association.

Instead, we must work with all of our allies who share our goal of destroying ISIS and stamping out Islamic terror. This includes working with our greatest ally in the region, the State of Israel.

- This is the State of Israel that fosters terrorism in the Middle East with their treatment of Palestinians and Muslims in Israel. The last nation you want on your side in an attempt to create peace in the Middle East is Israel. Israel is not a democracy by American definition. It is a wannabe Theocracy like Iran.

Recently I have said that NATO was obsolete, because it did not properly cover terror, and also, that many of the member countries were not paying their fair share. As usual, the United States has been picking up the cost.

- As the United States always has in blood and money since WWI.

Shortly thereafter, it was announced that NATO will be setting up a new program in order to combat terrorism -- a true step in the right direction.

- Are you taking credit for this new policy Donald?

Lastly, we must immediately suspend immigration from any nation that has been compromised by terrorism until such time as proven vetting mechanisms have been put in place.

- For what purpose. The 7 million Muslims in America are with only a few instances loyal legal law abiding believers and supporters of the American way. I would say Immigration has done a good job of vetting Muslims.

My opponent has called for a radical 550 percent increase in Syrian refugees on top of existing massive refugee flows coming into our country under President Obama. She proposes this despite the fact that there's no way to screen these refugees in order to find out who they are or where they come from.

- As I said the proven history is that Immigration has done a really good job of screening and vetting. This is just more emotional rabble rousing by a man who wants to be President. An ego maniac with no political experience who sees a hundred billion dollar payoff through around the world contacts during and after the Presidency. Business deals that will make speaking engagements look penny ante.

I only want to admit individuals into our country who will support our values and love our people. Anyone who endorses violence, hatred or oppression is not welcome in our country and never will be.

- So far immigration has done a great job of this from day one. This is an appeal to the most ignorant of Americans. The most bigoted Americans whose ancestors supported slavery and genocide against the American Indians.

Decades of record immigration have produced lower wages and higher unemployment for our citizens, especially for African-American and Latino workers.

- Nonsense. Where are the stats.

We are going to have an immigration system that works, but one that works for the American people.

- We have that.

On Monday, we heard from three parents whose children were killed by illegal immigrants—Mary Ann Mendoza, Sabine Durden, and Jamiel Shaw.

They are just three brave representatives of many thousands who have suffered so gravely.

- What about the victims of 2 million plus American grown criminals now serving time in American jails. Donald mentions 3 people. There 2 million that have been victimized probably 5 times their numbers meaning 10 million victims. Donald is bashing immigration which transcends all Presidents and the police departments all over America as incompetent and maybe he is suggesting subversive intent on their part.

Of all my travels in this country, nothing has affected me more deeply than the time I have spent with the mothers and fathers who have lost their children to violence spilling across our border.

- What about the victims of American grown criminals?

These families have no special interests to represent them.

- Really. You mean they don't get the same protection as all Americans. The cops do not protect them. Prosecutors do not prosecute their attackers. Donald Trump is a rabble rouser.

There are no demonstrators to protest on their behalf.

- Really. Name one demonstration you have participated in Donald. Just one.

My opponent will never meet with them, or share in their pain.

- Really. That is what she has been doing her entire political career while you have been making money.

Instead, my opponent wants Sanctuary Cities.

But where was the sanctuary for Kate Steinle?

Where was the Sanctuary for the children of Mary Ann, Sabine and Jamiel?

Where was the Sanctuary for all the other Americans who have been so brutally murdered, and who have suffered so horribly?

- This is a problem that goes back to Cain and Able. And now the great money maker is going to step in. I know of no Donald Trump charity. What comes to Donald Trump stays with Donald Trump.

These wounded American families have been alone.

But they are alone no longer.

- Sure they are. What has changed is Donald is a candidate with a whole helping of empathy. That will end if he is elected or not.

Tonight, this candidate and the whole nation stand in their corner to support them, to send them our love, and to pledge in their honor that we will save countless more families from suffering the same awful fate.

- Meaning they are Americans outside the American system like Palestinians in Israel and the occupied territories. Like Tibetans in China.

We are going to build a great border wall to stop illegal immigration, to stop the gangs and the violence, and to stop the drugs from pouring into our communities.

- A feudal wall along the border. What about the beaches surrounding American in the East and West and South. Human beings are not stupid. There is big money available for illegal immigration. Donald thinks a wall will stop it. For the determined there is the Canadian border. You want to stop illegal immigration give permits freely and keep track of who is here and deny children born to these permit holders citizenship. This change in the law will stop more illegal immigration than a Berlin wall in Mexico.

I have been honored to receive the endorsement of America's Border Patrol Agents, and will work directly with them to protect the integrity of our lawful immigration system. By ending catch-and-release on the border, we will end the cycle of human smuggling and violence. Illegal border crossings will go down. Peace will be restored. By enforcing the rules for the millions who overstay their visas, our laws will finally receive the respect they deserve.

- What no president has ever accomplished Donald Trump is going to do in just 4 years. Nonsense.

Tonight, I want every American whose demands for immigration security have been denied - and every politician who has denied them - to listen very closely to the words I am about to say.

On January 20th of 2017, the day I take the oath of office, Americans will finally wake up in a country where the laws of the United States are enforced.

- More police and criminal justice lawyers are being bashed. The police and prosecutors are not doing their job. Donald has not mentioned the mechanics of his plan to oversee, by a new Federal Police oversight bureaucracy. There is no other way. This is the unmentioned plan.

We are going to be considerate and compassionate to everyone. But my greatest compassion will be for our own struggling citizens.

- The first President to be a real President of the people. How wonderful.

My plan is the exact opposite of the radical and dangerous immigration policy of Hillary Clinton.

- Hillary has never created an immigration plan.

Americans want relief from uncontrolled immigration.

- Then Donald, make it a Federal criminal penalty with a 5 year minimum jail sentence to hire illegal aliens. What a foolish person this Donald Trump is. And a rabble rouser as well.

Communities want relief. Yet Hillary Clinton is proposing mass amnesty, mass immigration, and mass lawlessness.

- We will determine that when she gives her speech next week.

Her plan will overwhelm your schools and hospitals, further reduce your jobs and wages, and make it harder for recent immigrants to escape from poverty and join the middle class.

- Fear mongering.

I have a different vision for our workers.

It begins with a new, fair trade policy that protects our jobs and stands up to countries that cheat.

> Sorry Donald, the cat is already out of the bag and it is not going back. Those lost jobs are gone to China and they are not coming back. And who supported those job migrations. Every single American who owns stock in companies who outsource their labor to the third world and China. Yes every single stockholder. American stockholders who demand dividend income and could care less about immigration. Yes rich guys just like you Donald who can afford to own stocks.

It's been a signature message of my campaign from day one, and it will be a signature feature of my presidency from the moment I take the oath of office.

I have made billions of dollars in business making deals - now I'm going to make our country rich again.

I am going to turn our bad trade agreements into great trade agreements.

- I see. Donald as the new King of America unilaterally makes the world right. Breach all the contracts we have with foreign countries and start over with the Donald plan. I did not know until now that Donald Trump uses drugs.

America has lost nearly one-third of its manufacturing jobs since 1997, following the enactment of disastrous trade deals supported by Bill and Hillary Clinton.

Remember, it was Bill Clinton who signed NAFTA, one of the worst economic deals ever made by our country.

Never again.

- Why did George W. Bush not undo the NAFTA plan? Why did George W. Bush keep it in place? Donald take ownership for the Republican support of NAFTA. Take ownership for all the stockholders that by proxy endorse NAFTA for the sake of increased dividends.

I am going to bring back our jobs to Ohio, and Pennsylvania, and New York, and Michigan and to all of America - and I am not going to let companies move to other countries, firing their employees along the way, without consequence.

- And you are going to increase the price of consumer goods in America for all Americans and consumers are going to buy American again and make America great. And companies like Amazon and Walmart are going to go out of business. You know this is the result of your nonsense. And you know the average American is not smart enough to see right through your nonsense.

My opponent, on the other hand, has supported virtually every trade agreement that has been destroying our middle class.

She supported NAFTA, and she supported China's entrance into the World Trade Organization - another one of her husband's colossal mistakes.

She supported the job-killing trade deal with South Korea.

She has supported the Trans-Pacific Partnership - which will not only destroy our manufacturing, but it will make America subject to the rulings of foreign governments.

- Donald the world is about integration under the best possible circumstances. The British are in the coming years going to see the real cost of isolation and Brexit. And you want to take America with them. You are either very ignorant or very manipulative for the purpose of stoking your ego or you are just a basic charlatan in Republican clothing.

I pledge to never sign any trade agreement that hurts our workers, or that diminishes our freedom and independence.

- And at the same time no matter how high the cost of made in America goods goes. And you are going to force Americans to buy high priced American goods or be criminally prosecuted.

Instead, I will make individual deals with individual countries. No longer will we enter into these massive transactions, with many countries, that are thousands of pages long - and which no one from our country even reads or understands.

- And that would mean you. That would be an admission that you never read the fine print. And that is why when the deals were being made, the Art of the Deal sat on the sidelines letting it happen without comment. Where were you Donald when the deals were being made? Where was the great Trump when we needed him?

We are going to enforce all trade violations against any country that cheats. This includes stopping China's outrageous theft of intellectual property, along with their illegal product dumping, and their devastating currency manipulation.

- Yeah well good luck with that. China is no longer a backward expanse of poor farmers.

Our horrible trade agreements with China, and many others, will be totally renegotiated.

- I see and that will be a unilateral act on the part of King Donald, right.

That includes renegotiating NAFTA to get a much better deal for America - and we'll walk away if we don't get the deal that we want.

- What a fool. This is an issue between the most powerful nations on the earth. Not some nickel dime \$3 billion real estate corporation.

Our country is going to start building and making things again.

- And the burden is going to be on the American consumer to pay higher prices for everything.

Next comes the reform of our tax laws, regulations and energy rules.

- Can't wait for the details Donald. I suspect more empty campaign rabble rousing.

While Hillary Clinton plans a massive tax increase, I have proposed the largest tax reduction of any candidate who has run for president this year - Democrat or Republican.

- I am sure that would be for corporations right Donald.

Middle-income Americans and businesses will experience profound relief, and taxes will be greatly simplified for everyone.

- Yelp another one of those issues that has been insolvable for over 100 years and the Trump man will wave his wand, issue his edits and it will be done.

America is one of the highest-taxed nations in the world. Reducing taxes will cause new companies and new jobs to come roaring back into our country.

- There it is. Corporate Tax Relief in big helpings from the government. Corporate charity.

Then we are going to deal with the issue of regulation, one of the greatest job-killers of them all. Excessive regulation is costing our country as much as 2 trillion dollars a year, and we will end it.

We are going to lift the restrictions on the production of American energy.

- Ok. So you saved the good stuff for last. Global warming is a democratic illusion. Fossil fuels to the end. American cities will look like Beijing.

This will produce more than 20 trillion dollars in job-creating economic activity over the next four decades.

- And Global warming with stop food production in America and for the first time the Amber waves of grain will move North to Canada and South into Mexico. But money is your template, not ecology. I think you will have a lot of intelligent people stopping your grandiose political rhetoric when it comes to implementation.

My opponent, on the other hand, wants to put the great miners and steel workers of our country out of work - that will never happen when I am President.

- Steel is already history Donald. Fossil fuels is next.

With these new economic policies, trillions of dollars will start flowing into our country. This new wealth will improve the quality of life for all Americans.

- Funny I thought the oil market was glutted. So we put more money into production when the price is dropping. And soon to come divestiture of fossil fuel stocks and people begin to choke on the air and the land no longer produces.

We will build the roads, highways, bridges, tunnels, airports, and the railways of tomorrow. This, in turn, will create millions more jobs.

- And that money comes from where?

We will rescue kids from failing schools by helping their parents send them to a safe school of their choice.

My opponent would rather protect bureaucrats than serve American children.

- Yes all politicians talk education. Like during times of initiating lotteries. Promise the money for school the reallocate it. The rich do not want an educated electorate. That is why politicians always talk education and after the election work to keep it a low priority. And the voters never quit taking the bait.

We will repeal and replace disastrous Obamacare. You will be able to choose your own doctor again.

- Good luck with that. The idea is sound. Now like all legislation it is going to take decades to make it work. Going backward is not an option.

And we will fix TSA at the airports!

- Yes all in 4 years right?

We're going to work with all of our students who are drowning in debt to take the pressure off these young people just starting out their adult lives.

- Now this I like. The economic enslavement of students must go.

We will completely rebuild our depleted military, and the countries that we are protecting, at a massive cost to us, will be asked to pay their fair share.

- We are buying off these countries like Israel and many others. Just the cost of doing Defense business. If we don't pay the market value, we lose the bases. To Russia or China.

We will take care of our great Veterans like they have never been taken care of before. My just-released Ten Point Plan has received tremendous veteran support. We will guarantee those who serve this country will be able to visit the doctor or hospital of their choice. My opponent dismissed the VA scandal - one more sign of how out of touch she really is.

- Well the VA has given me hundreds of thousands of dollars of medical care and sometimes they have sent me to the private medical care companies and my experience with the private providers was a hands down inferior care. This is just more big business charity.

We are going to ask every Department head in government to provide a list of wasteful spending projects that we can eliminate in my first 100 days.

- Wow this is a new idea. Right up to the point that you may have a Democratic Senate and House of Representatives King Donald.

The politicians have talked about it, I'm going to do it.

- The first of his kind. He will do what has never been done in 100 days. Donald you cannot do everything by executive order. The bureaucrats and politicians are going to put a very big cog in your feel good machine.

We are also going to appoint justices to the United States Supreme Court who will uphold our laws and our Constitution.

- Not being a lawyer I am sure you know all about this.

The replacement of our beloved Justice Scalia will be a person of similar views, principles, and judicial philosophy. This will be one of the most important issues decided by this election.

- You are so funny Donald. When you start getting into the lawyer's domain I think you are going to find out a lot of about political power real fast.

My opponent wants to essentially abolish the 2nd amendment. I, on the other hand, received the early and strong endorsement of the National Rifle Association and will protect the right of all Americans to keep their families safe.

- Well I am pro second Amendment. So good for you on this.

At this moment, I would like to thank the evangelical and religious community in general who have been so good to me and so supportive.

You have much to contribute to our politics, yet our laws prevent you from speaking your minds from your own pulpits.

An amendment, pushed by Lyndon Johnson, many years ago, threatens religious institutions with a loss of their tax-exempt status if they openly advocate their political views. I am going to work very hard to repeal that language and protect free speech for all Americans.

- Well here is Donald again trying to undermine the separation of church and state in the Bill of Rights. Just like immigration. You have to see on its face Donald is unAmerican and pro Trumpism.

We can accomplish these great things, and so much more - all we need to do is start believing in ourselves and in our country again.

It is time to show the whole world that America Is Back - bigger, and better and stronger than ever before.

- With Donald Trump, America will be able to vote for a new Kingship for America.

In this journey, I'm so lucky to have at my side my wife Melania and my wonderful children, Don, Ivanka, Eric, Tiffany, and Barron: you will always be my greatest source of pride and joy.

My Dad, Fred Trump, was the smartest and hardest working man I ever knew. I wonder sometimes what he'd say if he were here to see this tonight.

It's because of him that I learned, from my youngest age, to respect the dignity of work and the dignity of working people. He was a guy most comfortable in the company of bricklayers, carpenters, and electricians and I have a lot of that in me also.

Then there's my mother, Mary. She was strong, but also warm and fair-minded.

She was a truly great mother. She was also one of the most honest and charitable people have ever known, and a great judge of character.

To my sisters Mary Anne and Elizabeth, my brother Robert and my late brother Fred, I will always give you my love—you are most special to me.

- I appreciate your respect and love of your family.

I have had a truly great life in business.

- Yes the Art of the Deal has been good to you. In that art you have always been King. I think trying to run a nation is going to be a wake up call for you. I think you will abdicate and turn it all over to Mr. Pence.

But now, my sole and exclusive mission is to go to work for our country - to go to work for you.

It's time to deliver a victory for the American people.

But to do that, we must break free from the petty politics of the past.

- I have never heard a campaign speech without this.

America is a nation of believers, dreamers, and strivers that is being led by a group of censors, critics, and cynics.

- Well that is a whole lot of politicians, police, bureaucrats that you just pitched into that pot. And you are going to replace all those people in your Kingship in just 4 years.

Remember: all of the people telling you that you can't have the country you want, are the same people telling you that I wouldn't be standing here tonight.

- Not really. I thought your TV reality show would get you the nomination. People love TV and they do not accept that it is scripted to maximize profits. The Art of the Deal. The Art of the deception.

No longer can we rely on those same people in the media, and politics, who will say anything to keep a rigged system in place.

- Finally got around to the News. They are rotten too. A true conservative right Donald. If you turn the clock far enough back you can bring back the Confederacy.

Instead, we must choose to Believe In America.

History is watching us now. It's waiting to see if we will rise to the occasion, and if we will show the whole world that America is still free and independent and strong.

I'm asking for your support tonight so that I can be your champion in the White House. My opponent asks her supporters to recite a three-word loyalty pledge. It reads: "I'm With Her."

I choose to recite a different pledge.

My pledge reads: "I'M WITH YOU - THE AMERICAN PEOPLE."

I am your voice.

So to every parent who dreams for their child, and every child who dreams for their future, I say these words to you tonight:

I'm with you, I will fight for you, and I will win for you.

To all Americans tonight, in all of our cities and in all of our towns, I make this promise:

We Will Make America Strong Again.

We Will Make America Proud Again.

We Will Make America Safe Again.

And We Will Make America Great Again.

God Bless You And Good Night.

- Nice ending. If you are able to get the light bulbs changed in the White House I will be impressed.
